

Testimonials

Ana Bautista

Magic Camp has been an extraordinary experience to me. Everything I learned this week I know will help me later on in life. It made me realize that construction is such a great thing that a person can honestly need in life. It was not only educational but also very fun and exciting with our mentors and the rest of the crew. This would have never been possible if it weren't for NAWIC so thanks for helping us learn so much in just a week. We accomplished so much and we will never forget this wonderful experience.

Brook Farien

MAGIC is definitely a hands on experience in construction. Everyday is a new experience in the construction world. Whether it be painting, welding, drilling or learning about job opportunities that can possibly be a fun option. The instructors are patient and well versed in all different kinds of aspects. This camp is a taste of what ordinary men and women do everyday.

Monica Smallshaw

It's great I can really step out of my comfort zone and do something I've never tried before. I feel like this is going to be useful.

Magic Summer Camp...

Provides a supportive and nurturing environment for high school girls to explore and develop basic skills in the areas of carpentry, electrical, and welding/cutting.

Offers high school girls a gender-neutral environment to learn and practice new skills.

Develops greater self-confidence and better self esteem for girls who tackle challenging projects and successfully complete them.

Develops a safety-first attitude and "we can do it" mind set via the safety and history of women in construction seminars on the opening day of camp.

Introduces high school girls to women role models who have achieved success in all areas of construction. From tradeswomen to engineers, architects to accountants, project superintendents, supervisors and business owners to clerical support, the girls learn there is room in the construction industry for their dreams too.

Introduces students to valuable college and tradeswomen scholarship information.

of Orange County

High School Inc.

Present

**MAGIC CAMP
2012**

MAGIC SUMMER CAMP

is designed to offer high school girls the opportunity to learn about the countless avenues of employment available to women in the construction industry and to engage these young women via hands-on training in basic construction skills. This opportunity to gain marketable skills and to experience the exhilaration of successfully performing difficult tasks builds self-confidence and boosts self-image.

COSTS

The MAGIC Camp experience is free to the registered students, thanks to the generous donations of the local construction industry and Valley High School. All participating campers will receive a free camp T-shirt.

IF ACCEPTED

- Participants **MUST** commit to attend and participate all camp days.
- Health Information, Consent for Treatment/Waiver, and Photo Release forms must be completed.
- Girls must wear appropriate clothing and shoes (no sandals).

Frequently Asked Questions?

Why Should I go to Magic Camp?

Magic Camp is designed to offer high school girls the opportunity to learn about the countless avenues of employment available to women in the construction industry and to engage these young women via hands-on training in basic construction skills. This opportunity to gain marketable skills and to experience the exhilaration of successfully performing difficult tasks.

Who can go to Magic Camp?

This day camp is for young women in high school, ages 15-19.

What will I get out of Magic Camp?

Participants will learn greater self confidence and better self-esteem as they learn the different trade projects and understand how the things they come in contact with on an everyday basis are put together. Magic Camp also provides a supportive and nurturing environment for high school girls to explore and develop basic skills in the area of carpentry, electrical, and other various trade skills.
